## Maurice Cooke To Reside At Kimberley

Alfred Maurice Cooke a long time resident of Coleman will leave town this week to take up residence in Kimberley, B.C. where he will live with his daughter and son-in-law Mr. and Mrs. Robert Lowe.

During the past week Mr. Cooke was honored by the Coleman Summit Lodge A.P. and A.M. when he was presented with a lovely plaque as a gift of appreciation. The presentation was to have been made at the last meeting of the lodge but due to Mr. Cooke being a patient in the C.N.P. Municipal hospital the presentation of the plaque was made in the hospital.

Friday evening Mr. Cooke was again honored by eight members of the C.P.R. Staff of Coleman when he was presented with a wallet and gift of money at a farewell party held in his honor at the home of James Lowe of Coleman. The presentation was made by William Cousins of Coleman after which the guests enjoyed a social evening.

Mr. Cooke 68 years of age was born in London, England, on February 27th, 1889 and came to Coleman in 1917 where he became employed as a fuel inspector by the CPR in 1920 he was appointed as chief fuel inspector and retained this position until this month when he retired from work.

During the first world war Mr. Cooke joined the Canadian army in 1915 and served as a Battalion Quartermaster Sergeant of the Manitoba University contingent. He served in Canada until 1917.

During the second world war he joined the 15th Alberta Light Horse in 1940 at Pincher Creek and was in the reserve forces till the end of the war in other Alberta forces. He joined the army as a trooper and ended as a Captain in the Artillery being in command of the 93rd Battery of the R.C.A. For his services he was awarded the N.B. order of the British Empire.

During his many years in Coleman he was a member of the Summit Lodge A.P. & A.M. of which lodge he was a one time Worshipful Master in 1925 and in 1951 he was appointed as District Deputy Grand Master. He is also a member of the Coleman Branch of the Canadian Legion and served the branch as vice president in 1952 and again in 1953.

He was married in 1916 in Winnipeg to the late Janet Bulch who predeceased him in Coleman in 1949. Mr. Cooke has two daughters Mrs. Robert Lowe of Kimberley, B.C. and Mrs. Dorothy Louise of Alberni, B.C. and eight grandchildren.

When asked how he felt about leaving the Pass Mr. Cooke stated that he hated to leave his many friends here but felt that he would make many return visits here to renew acquaintances.

Wed., Mar. 2 — Lenten week-day service, 7 p.m.

Wed., Mar. 2 — Adult Bible Class, 7:40 p.m.

## Blairmore School Board Hold Annual Meeting

The Annual School Board meeting was held in the Union Hall in Blairmore, Monday evening attended by well over sixty citizens. The meeting was conducted under the chairmanship of Fred S. Radford while Cecil Larbolesier recorded the meeting.

Arising from the reading of last years minutes several questions were brought up and discussed. One of the matters referring to reports being kept in the Blairmore School which Inspector McKay had stated in his last report was not being done had been rectified. The matter of a fire hazard existing in the grade three room of the main school had been corrected. This matter had been brought to the attention of the school board as there had only been one door on the room to evacuate the children in case of fire.

The principal's report was read showing that there was an enrollment of 422 pupils last spring and 427 in the fall term. The report was accepted.

James Anderson chairman of the School Board then presented and read his report stating that in February of last year the staff had asked for an increase \$200.00 per year for beginners with one years training to a maximum of \$400.00 for teachers with one year's training and full experience. This matter stated Mr. Anderson was settled by arbitration and the award gave an overall increase of \$200.00 per year effective September 1st, 1954. This Mr. Anderson stated brought the local teachers on a par with the rest of the province. He then stated that the matter of an enlarged area was in the hands of the Government. He stated that a meeting had been held last September with the Minister of Education Mr. A. Aalberg and with Doctor Swift. At this time Doctor Swift had stated that an enlarged area would automatically increase taxes for Blairmore at that time by at least 7.3 mills. This increase was due to an average rate being taken on the mill rate between the towns of Blairmore Coleman and Bellevue Hillcrest.

Mr. Anderson also stated that

the general enrollment in the school this term is down 16 students from last year. He also stated that curtains had been purchased and installed to replace all blinds in all of Blairmore's three school houses. Mr. Anderson also stated that it cost the school board \$199.50 per year for each pupil. He then commented on the fire drills held in the local schools pointing out that Blairmore had the honor of being second to none in the province for evacuating the school rooms during drills which he added took only a few seconds over one minute to have all students out. He concluded by stating that the Board had held twelve regular meetings during the year and had called ten special meetings with an average attendance at each meeting of 97%. Mr. Anderson then stated that two trustees had attended the annual convention during which time the provincial trustees had endorsed 100% the proposal of the Text Book rental program that is now in effect in British Columbia.

Inspector J. McKay's report was then read which showed that there was an enrollment of 418 in the local school. He stated that four rooms were overcrowded and that the school buildings were in good repair.

General discussions were then held when it was learned that the principal who is teaching during all periods was having some difficulties with his administration in the schools due to his great lack of time. This matter is to be looked into by the Board.

The problem of overcrowding in four class rooms was again discussed but no satisfaction was obtained even though some heated arguments occurred.

The matter of a school division was also discussed and lengthy debates took place on various phases of a division being formed but no definite action was taken in any regard of this important matter.

## Uniform Fund For Coleman Grands

A move is underway in The Pass this week to start a fund for the purchase of Uniforms for the Coleman Grands Hockey team which is made up of players from Coleman, Blairmore, Frank and Bellevue.

With the uniforms now used by the boys being in a state impossible to repair, it was felt by the fans that with the team giving out an excellent brand of hockey and sportsmanship, that a fund should be started to get the Club new colorful uniforms. The new sweaters and socks would add much to the moral of the players and would also tend to show that the Pass assist their only hockey team.

The fund will be started very soon and all Pass hockey fans are urged to contribute generously towards this fund to put our boys on the same level as other teams in the hockey league. With the spirit and good playing that the team has been showing it would not be a surprise to see the lads bring the top league honors to the Crows' Nest Pass.

## Coleman Bride Is Shower Guest

A lovely shower was held in the Italian Hall at Coleman on Monday evening honoring Mrs. Kirt Graf, the former Josephine Russell.

Escorted by her grandmother, Mrs. M. McKay, the honor guest was presented with a corsage at the door of the hall by Mrs. G. McDonald and escorted to a place of honor in the hall.

Whist and bingo were played by about 75 guests. Prizes for the whist went to Mrs. P. Vincent and Mrs. V. Weyrean. The door prize

## Celebrate 25th Wedding Anniversary

A very nice anniversary party was held recently, to honour Mr. and Mrs. Pete DeGroot on the occasion of their 25th Wedding Anniversary.

As the honoured couple entered, strains of the Anniversary Waltz were played, Mrs. DeGroot then being presented with a Carnation Corsage of pink and white.

Following a buffet style supper, Mr. and Mrs. DeGroot were presented with a lovely Silver Service on behalf of all the people present, for which they both expressed their thanks in a few well-chosen words.

A social evening was then enjoyed by all.

Out of town guests for the occasion were from Lundbrick, Maple Leaf and Pincher Creek

was won by Barbara Krish.

Following a lovely lunch the guest was presented with a pair of Hudson's Bay Blankets, a set of towels, aluminum cookware set and an 80 piece dinner set.

The gift from the hostesses was a tri-strap lamp.

Hostesses for the evening were: Mesdames D. Collings, G. MacDonald, J. Salus, J. Curtis, S. Penney, W. Hurd, H. McCartney, D. McParlane, L. Richards, L. Richards Jr. and W. Smith, Misses R. Bubniak, B. Gejdos and M. Hoggan.

## Slavic Art Display Is Colorful

Hundreds of Crow's Nest Pass residents visited the Elks Hall in Coleman during the past week-end to view the marvelous collection of Slavic art that was on display there during Thursday, Friday and Saturday. The affair was officially opened by Mayor Frank Abousay at 7:00 p.m. on Thursday evening.

The display featured hundreds of examples of the beautiful folk art of the Slavic People, the Ukrainians, Poles, Russians, Byelorussians, Czechs, Slovaks, Yugoslavs, Bulgarians and Macedonians. Included in the colorful display were samples of embroidery, fine needlework, wood carving, inlaid work, national costumes, hand painted pottery, bone and ivory carving, leathercraft, rugs, tapestry, dolls, toys and numerous other articles which gained much favorable comment from the hundreds of persons that attended the showings.

Most of the articles on display recently arrived from Europe and are being shown in Canada for the first time. There were also some samples of embroidery and needlework created by Slavic Canadian women.

Many of the local visitors purchased articles from the display and all that visited had nothing but favorable comment to make on the exceptionally fine work that was displayed.

The showing was sponsored by the Canadian Slavic committee and it was learned that the exhibition is making an extensive tour of Canadian Cities and towns under the direction of William Manlychuk of Montreal.

## Coleman Red Cross Does Good Work

The Womens Work Group of the Coleman Branch of the Red Cross Society are to be highly praised for the wonderful works they are doing here. Started two years ago under the direction of Mrs. P. Graham and meeting in the Canadian Legion Lounge Room every Wednesday afternoon the group has done a remarkable job in making articles and supplies for the Red Cross. However help for these projects is sadly lacking and it is left up to 7 or 8 women in the community to keep up this good work. Valuable help could be given the group by all Coleman women for even if they cannot attend the meetings work for the group such as knitting and sewing could be done in spare time in the home and relieve the pressure on the few women who so gladly and faithfully give of their valuable time for this work.

Last year the group was taken over by Mrs. J. Allen, Jr., when Mrs. Graham returned to school teaching. During this year the group have finished and turned into the Calgary Branch of the Red Cross Society the following articles, 23 Quilts, 21 pairs sheets, 35 pairs towels, 16 pairs child's Pjamas, 49 pairs Pillow Cases, 1 girl's dress, 4 pairs men's socks, 2 girl's sweaters, 2 girl's slips, 1 girl's night gown, and 11 children's vests.

There are nearly enough articles on hand to make another shipment of goods in the near future. Anyone who can assist this group please get in touch with Mrs. J. Allen, Jr. your help will be appreciated.

You are there when a bewildered youngster in a foreign land joyfully accepts fresh clothing supplied by the Canadian Red Cross.

The Canadian Red Cross trains thousands of men and women every year in skills to protect their families and neighbors in times of emergency.

## Ray Of Sunshine In A Wheelchair

(SHARON MACKAY)

Cheerful, in spite of piko-weakened legs, vivacious 13-year old Sharon McKay of Victoria is once again learning to walk. Sharon spent 4 months at Western Rehabilitation Centre, in Vancouver. The "Centre" receives strong support from Kinsmen Club's B.C. Polo Fund, which last year devoted \$350,000.00 to care and assistance of polo patients throughout B.C.

Adjusting the metal braces which help Sharon learn to walk again is brace-maker Jimmy Kippin of Vancouver. Cheerful, co-operative Sharon works with a will to get well.

People like Sharon make B.C. Polo Fund worthwhile. Jimmy understands the problems Sharon and other polo victims share. Crushed by a load of logs in 1949, he spent years in a Victoria hospital, learned brace-making to pass weary hours.

Braces for all parts of the body are provided by Western Centre's brace making shop. Each brace is custom fitted, must be to exact measurements to be useful, comfortable. Steel, aluminum, plastics and leather are assembled in ingenious combinations to support piko-weakened muscles. 80% of busy shops output goes outside Western Rehabilitation Centre, to disabled people throughout the province.

Once a polo victim is released from hospital he must have special rehabilitation treatment and assistance, sometimes for years. Providing this vital assistance is part of the work of Kinsmen sponsored B.C. POLO FUND.

## Civil Servants Hold Enjoyable Evening

A large crowd of civil servants from Fort Macleod, Cardston, Pincher Creek, Blairmore and Coleman gathered in the Polish hall on Friday evening for a social get-together.

A very tasty banquet was served to the guests after which entertainment by Hod Pharris, Mrs. J. Petrosky, Mrs. A. Syvatek, Lawrence McCollivray, Margaret Juhlin, Bert Bond, Fred Beddington and three pipers, Pipe Major J. Moore and two sons Louis and Jack, was thoroughly enjoyed. Cecil Coover of Coleman was master of ceremonies for the evening.

Dancing to the orchestra was enjoyed until the early hours of the morning to round out a very enjoyable evening.

## Officials Visit Minerva Chapter OES

The Worthy Grand Matron Sister Elizabeth Hart of the Grand Chapter of the Alberta Order of the Eastern Star paid her official visit to the Minerva Chapter 41 of Coleman, Monday, February 14th. She was accompanied by Brother J. H. Pooks of Lethbridge Worthy Grand Patron and Sister Pooks Grand Marshall of the Grand Chapter of Alberta. Distinguished visitor for the evening was Sister Elizabeth Richard Past Grand Matron.

Prior to the meeting a delicious banquet was held in the dining room of the Grand Union Hotel when sister Catherine Garner presented the Worthy Grand Matron Sister Elizabeth Hart with a corsage of American beauty roses. During the evening Sister Caroline Pettifor of High River rendered a lovely solo after which the Worthy Grand Matron presented an inspiring address.

Attending the meeting were members of the Leta Chapter of Blairmore the Bellecrest Chapter from Bellevue and Hillcrest and from the Evergreen Chapter of Pernie, B.C.

To conclude the successful occasion a lunch was served with St. Valentine as the motive around which the luncheon was enjoyed. Sister Edna Witke was the convener.

## Curling Club Holds Successful Bonspiel

The Coleman Curling Club held a very enjoyable and successful bonspiel last week-end when a capacity crowd of curlers and spectators filled the curling rink.

Starting Friday evening the 'spiel continued Saturday and Sunday. Rinks from Coleman, Blairmore, Pincher Creek and Macleod participated.

Saturday evening a banquet was held in the Elks' hall for which the ladies of the Royal Purple catered. The hall was beautifully decorated by Mrs. A. Jones and assistants in a curling motif. The large stage represented a curling ice sheet complete with rinks and brooms. Each guest place featured a small curling rock as a place card.

Sunday the 'spiel wound up with close winners in each event.

Winners of the three day events in the finals were:

1st Primary — 1st, H. Dancy, Blairmore. 2nd, C. Roughhead, of Coleman. 3rd, N. Fleming, Coleman. 4th, W. Liddell, Coleman.

2nd Primary — 1st, J. Maynard, Coleman. 2nd, R. McCartney, of Coleman. 3rd, A. McMurdo, Pincher Creek. 4th, W. Liddell, of Coleman.

1st Consolation — 1st, F. Smaniotto, Blairmore. 2nd, G. Hockstein, Pincher Creek. 3rd, H. Zak, sr., Blairmore. 4th, W. Fraser, of Coleman.

2nd Consolation — 1st, W. Fraser Coleman. 2nd, D. Morgan, Blairmore. 3rd, H. Hewitt, Coleman. 4th, T. Collier, Coleman.

Two special prizes were awarded in two events. One was for the first rink knocked out of the bonspiel. This went to the Mel Young rink of Fort Macleod, while the prize for the biggest end laid in the game was awarded to the Hockstein rink of Pincher Creek.

The doll with \$20 in one dollar bills, which was raffled by the Ladies' Curling Club, was won by Horace Allen of Coleman.

The Red Cross is the symbol of hope and mercy in peace and war. It assures people everywhere of help and comfort. In March give generously to your Canadian Red Cross.

## St. Lawrence Seaway And Power Project

OTTAWA, February 11: — The Unemployment Insurance Commission today announced its comprehensive plans to serve the needs of the heavy construction industry. In particular, contractors engaged on the gigantic St. Lawrence Seaway and Power Projects will be assured of the best available applicants to meet their manpower requirements.

For some months now, employment officials have been working on the details necessary to set up a Central Employment Bureau to look after the needs of employers on the Seaway and Power Projects. The St. Lawrence Central Employment Bureau will inventory manpower resources after the local National Employment Service offices have called in all job seekers for re-interview. In this way, a veritable pool of manpower will be maintained in the Central Employment Bureau, and contractors' orders for unskilled or skilled help will be filled. As well as catering to the employers' needs, the National Employment Service is especially equipped to obtain all type of labour from any part of Canada when local help is no longer available.

For some time past, officials of the Unemployment Insurance Commission have been consulting with officials of the Seaway and Power Projects to determine their anticipated requirements. Manpower needs can be determined several weeks in advance, and all local offices of the National Employment Service will be kept fully informed. Applicants for work on the Seaway and Power Projects can keep themselves fully informed by keeping in touch with their nearest National Employment Service office. In this way, several problems will be eliminated—applicants will be saved the expense of personally applying to the many contractors connected with the projects, and yet will be given every consideration for employment — the influx of applicants will be controlled and overcrowding and hardships to both applicants and the communities involved in the work will be relieved.

In organizing this special service the Unemployment Insurance Commission has spared no effort. The highest calibre staff has been engaged for the Central Employment Bureau, and staff training programs have been under way for some time. Personnel selection manuals have been prepared with aid from Ontario Hydro Employment Officers who are fully conversant with the needs of contractors and the skills required for applicants for the various trades. This manual, together with a catalogue showing all types of equipment used in heavy construction, plus films of various heavy construction projects, will form the basis of a course for all employment officers in the local National Employment Service offices. Staff trainers from the Unemployment Insurance Commission will be conducting courses in all local offices to ensure that the best selection techniques are used.

Procedures and records in the Central Employment Bureau have been set up in order that contractors' orders for help and the placement of applicants will be given immediate attention.

Ontario Hydro has had for some time an experienced employment officer in the Cornwall National Employment Service office acting as liaison with their contractors. It is expected that the Seaway Authority will make a similar appointment.

From time to time news releases will be issued by the Central Employment Bureau and these, together with up-to-the-minute information supplied to all local National Employment Service offices, will ensure job seekers all through Canada of a constant source of information regarding employment.

In setting up the St. Lawrence Central Employment Bureau the Unemployment Insurance Commission recognizes its responsibilities to employers and applicants alike. The dominion-wide

## Crows Nest Pass Winter Carnival Feb. 25, 26, 27

The new fall of snow that blanketed the Crows Nest Pass Friday has almost assured the Blairmore Board of Trade that the Crows Nest Pass Winter Carnival will be a success. The gala winter event postponed several weeks ago is scheduled to take place this next week-end February 25th, 26th and 27th.

All events that were scheduled to take place on the former week-end will be held in their regular order with the main event to be held in the Blairmore Elks Hall on Friday evening which will comprise of numerous numbers including selections by the Coleman Pipe Band, the Crows Nest Pass Band, short skills and dances by the members of the various Pass' nationalities who will be in their national dress and many other pleasing events.

The Blairmore Ski Hill is in perfect shape for the skiers and the Crows Nest Pass Ski Club have stated that an excellent tournament is anticipated as many entries will be coming in for the ever-growing annual Ski Meet. The course has been planned for the various races and events and the hand and night lighting facilities will give visiting skiers many hours of pleasing fun. Excellent prizes have been obtained from numerous Pass merchants for the ski events and winners are assured of being pleased with the prizes being offered for the events.

## Meeting Of Bellevue Ratepayers

The Annual Ratepayers meeting was held in the Bellevue I.O.O.F. Hall February 16th when well over 70 persons were present. Simon MacDonald chairman of the School Board was elected as chairman of the meeting.

The auditors report was read and showed that the assessment was down approximately \$200,000 from the previous year which was due to the closing down of the Bellevue mine (The Hillcrest Mohawk) which in turn realized a deficit on the years operation of \$5,401.11 due to this reduced assessment.

The school Principals Mr. M. McEachern's report showed that the attendance during the year from January to June was 505 and from September to December 515. The percentage of attendance from January to June was 95.0% and from September to December 96.6%.

The retiring members of the School board, J. F. Dugdale, Joseph Christie and Simon MacDonald were nominated and elected by acclamation.

Sam Radford chief of the Bellevue Volunteer Fire brigade was present and requested support for accident insurance and compensation benefits for the firemen who are now fighting fires at their own risk and their own expense with no compensation benefits available if they are injured in accidents while on the job. The meeting approved and a resolution was drawn up favoring this aid as requested by the firechief.

The chairman of the meeting announced that a new school van will soon be in operation to replace the bus being used at the present time.

To conclude the meeting the Board were given a vote of thanks by the citizens of Bellevue.

National Employment Service is effectively geared and staffed to serve the needs of the heavy construction industry and particularly those concerned in the Seaway and Power developments.

## Excerpts From Radio Speech Of R. R. Moore Deputy Minister Of Economic Affairs

"Every year thousands of American visitors come north to vacation in Alberta . . . Waterton, Banff, Jasper, the Calgary Stampede . . . all have unequalled attraction for the tourist. The majority of them coming to any one of these places pass Fort Macleod and the Fort Macleod government tourist bureau. Last year it was visited by approximately 45,000 people and this year, because of our jubilee, will be visited by an even greater number.

By means of advertising, our American friends will be encouraged to visit Alberta during June and September, or other than during the heavy tourist season. During June they will be able, if they wish, to take part in many local celebrations held in conjunction with rodeos and still escape the crowds of tourists who throng Alberta resorts in July and August. In September they will be able to take part in the main jubilee celebrations. Dates and information on these will, of course, be available at the Fort Macleod Tourist Information Bureau.

Since the Fort Macleod Bureau can be a key position in interesting American tourists in our jubilee celebrations, the working committee feels it would be an excellent spot for the erection of a jubilee display.

As many of you know, the bureau is of rustic log design. The new building, which is to be constructed by the Department of Public Works, will, of course, be of similar appearance. The entire front of the sixteen foot building will be of glass making it similar to a store window. At its sides will be two eight-foot wings also equipped with display windows. The new building will be a permanent structure and will be used in future years for provincial tourist advertising.

This year the central window will display historical relics of pioneer Alberta, while the two wings will depict the old and the new. One idea being considered for the two wings is a display of two rooms, one decorated and furnished in the style of 1905, the other in the modern decor of 1955. The room representing Alberta's fifteenth anniversary will feature a table set with a birthday repast complete with the traditional birthday cake.

Buildings at the bureau will be completely renovated. Logs will be varnished and the roof stained. Additional trees will be planted around the buildings and a full-time gardener employed to lay out and maintain a flower display, featuring the provincial crest which will be located in front of the exhibit building. This, along with a general plan for landscaping the grounds, will provide a pleasant welcome station where visitors will form that all-important "first impression" of Alberta.

And so, with the completion of

**IF YOU DON'T KNOW may you never learn**

Only those stricken by war, disaster, or other tragedies know at first hand how vitally essential Red Cross services are to our nation. Those of us who mercifully, have not learned from grim experience may well

**GIVE to the RED CROSS**

Cheerfully... Gratefully... Generously...

\$5,494,100 is needed this year

the display building by June 1st, the general clean-up of the present buildings and the landscaping of the grounds, the Fort Macleod Tourist Bureau should be a place that will encourage visitors to go on to see more of Alberta.

## Card of Thanks

The ladies of the Coleman Curling Club wish to thank all the local businessmen for their generous donations and support to the Clubs first mixed Bonspiel.

We also wish to thank the following for their help and time given in making ourspiel a success — Trevor Collister, Herb Hewitt, Ed Wood, Steve Krzywy, the pipers Miss Pattie Moore and Tommy Knight, Randy Kulig, the Ladies of the O.O.R.F., all members of the men's club, all our own members especially those who worked in the kitchen, and all those who took part in the program on Saturday evening.

Sec.: JOY KWASNIE

# Canadian Legion Show "The Malta Story" Film

The Coleman Branch No. 9 of  
the Canadian Legion presented to

the members a very outstanding  
film "The Malta Story" on Fri-  
day evening, February 18th. This  
film showed the terrible assault  
on Malta during the 2nd World  
War. It was almost unbelievable  
the conditions under which the

defenders lived and fought back.  
It stirred the hearts of all those  
who saw this film, the value of the  
R.A.F. and the Royal Navy in  
their fight to stem the onrushing  
tide of the enemy. The people of  
Malta steadfast in their belief of

victory and suffering the terrible  
hunger without rest, under con-  
stant bombing attacks. Your Leg-  
ion have been proud to be able  
to bring such outstanding films to  
you, and you may rest assured  
that they will continue to do their  
best in obtaining better films for  
your entertainment.

February 19, the Local Union  
U.M.W.A. presented the first free  
showing to school children in the  
Union Hall. These shows will be  
shown once a month to all child-  
ren in grades 1 to 9 inclusive. Out-  
standing films presented by the  
National Film Board will be used.  
Mr. Crippen who is in charge of  
these showings wished to state  
that owing to difficulties beyond  
his control, he was unable to in-  
form all children of this first  
showing. In the future these shows  
will be posted well in advance.

## Blairmore Holds Annual Ratepayers Meeting

The Annual ratepayers meeting was held in the Union Hall in Blairmore, Monday evening under the independent chairmanship of T. J. Costigan. F. S. Radford took the duties of independent secretary. Well over sixty local residents attended.

To open the meeting Mayor William "Bill" Gray was pleased to report that the town had gone through another very successful year. He outlined the work being done by the government on the Crow's Nest River and Lyons Creek to protect the town against flood dangers and added that the work was not yet completed as the government had allotted so much money to be spent on the river work in 1954 and that this money was used up. An additional allotment will be made for 1955 and the work on the rivers will be completed this year. The rivers have been dredged out and still require re-inforcements on the banks in some localities. This is being accomplished by applying a heavy layer of large Frank Slide boulders on the banks of the rivers.

Mayor Gray then spoke briefly on the work on the town dam this year stating that an engineer from Haddin Davies and Brown of Calgary had been hired to supervise the job and protect the interests of the ratepayers. On the engineers advice the a grouting job was done on the dam as well as a complete resurfacing job which was re-inforced with heavy steel mesh wire. Mr. Gray stated that the original contractors that had done the work on the dam years ago had made a mess of the job and that it was a blessing that the present work had been done in time at a cost of approximately \$18,000.00.

Mayor Gray also stated that during the past year the town had purchased a caterpillar tractor at a cost of \$10,000.00 and although there had been no snow yet this

winter to warrant the use of the machine, the cat had been used for many other useful purposes. In conclusion to his report Mr. Gray commended the people of Blairmore for the fine way in which persons in town had paid the taxes this year. He stated that the town had operated on a mill rate of 36 mills, seven for the town, nine for the hospital and 20 for the school and that council had budgeted for \$68,000.00 and had received \$67,000.00.

Councillor William "Bill" Jallep, chairman of the Finance and Property committee then presented his report, proudly pointing out that the town was not in the red and after completing a year's business they were a few thousand dollars ahead. He stated that the town had started the year with \$18,000.00 left over from 1953 and had finished up the year 1954 with \$15,000.00 and during the year had paid \$10,000 cash for a tractor \$18,000 for the dam work. He commended the ratepayers for paying taxes promptly despite the fact the mills were only working half time. He also said that the town had Government of Canada bonds but had no debentures. Meanwhile he added most other towns appear to be in debt which he added seems to be the universal trend so he concluded since there are no other major projects to be done in town he felt that the mill rate would not go up even if the town were to borrow \$100,000.00 to build an arena for the town.

Councillor Joe Bobrosky chairman of the Public Works Committee then reported on the dam work that had been done this year and also stated that due to the

inclement weather last summer that road work had not been done as fully as the town would have liked to have done. He also stated that if the number three highway is surfaced this year that the town plan on having the hard surface extended to the curbs on both sides of the road which when done would eliminate a dust problem on the street. At this time Alex Morency, a ratepayer complained of the sidewalk job that was done to the streets in 1953 stating that the walks were an absolute disgrace. In support of the job, councillors reported that they were not wholly satisfied with the job, but felt that due to the fact that some of the entrances to the stores were on the same level as the sidewalk the walks could not be built up higher to slope to the outside of the street to allow drainage. The matter of slight depressions in the walk where small puddles of water formed during wet weather was also discussed but since the job was now completed no action could be taken on this matter. Mr. Morency also complained of the small amount of road work that had been done this year in regard to filling in pot holes with gravel instead of using a proper hard surface mixture. He was informed that wet weather and work on the dam was the cause of the lack of attention to the roads.

Councillor Severino Lissa chairman of the Relief and Welfare committee reported stating that there were seven relief cases in town which cost the town \$3,500. 60% of which was borne by the government. He also stated that the hospital requisition last year had been upped by \$2,000.00 over the previous year.

Councillor Tob Gibos chairman of the Fire and Water Committee reported that an \$18,000.00 repair job had been done on the Blairmore dam and that the West Canadian Collieries in town had been very generous in loaning the town 300 to 400 feet of pipe so that the auxiliary dam could be put into use while the repair work was being done. He outlined the work done on the dam pointing out that a first class repair job had been done which was an asset to the town and also commended the citizens for their co-operation during the water rationing time while the dam work was being done. He reported that eleven fires had occurred last year seven of which were local and four out of town. During fire prevention week he stated that chimneys in town had been inspected which added to the small number of fires had last year. Two members of the local brigade had attended Civil Defence School in Lethbridge last year and Ron Johnson had been appointed director of Civil Defence in Blairmore. During last month he stated that a Civil Defence course had been held in Blairmore for one week and had been attended by the Fire Brigade. A quantity of equipment from the Civil Defence had been received by the town for Civil Defence purposes. He also added that 12 new helmets, a thirty pound dry chemical extinguisher and a red flasher light had been added to the fire equipment. He reported that the local brigade had made a good showing in the Hose Coupling competitions held in Coleman during July when the local brigade competed against crack city teams. A "sneak" fire drill was pulled on the Blairmore school recently and the action of the teachers and pupils was highly commended by the Fire Inspectors as the school was cleared in shortly over 60 seconds. To make the drill more difficult one of the doors of the school was blocked tight and as a result of the training no panic resulted in the evacuation.

Councillor Joe Galvan chairman of the police committee then reported that the Chief of Police had stated that this was one of the quietest years he had experienced since he had been on the force. The report showed that there had been 22 convictions under the criminal code, 16 under the liquor act, 12 vagrancy charges, 41 under town bylaws, five breaking and entering charges, 17 under the Vehicles and Highway traffic act, 436 informations and complaints had been filed besides a large number of juvenile and petty cases attended.

Councillor Alrik Tiberg reporting for the light and power department pointed out that it was a pleasure to report that this department had a surplus of \$10,028. 38 on 1954 operations which materially assisted the finances of the town. Income in the light and power department amounted to \$37,392.06 with expenditures totalling \$18,363.63. Expenditures consisted of \$13,823.78 for elec-

trical energy; \$1,976.60 for supplies and \$126.60 for sundries.

During the year the practise of replacing sections of the system with larger distribution and service lines was continued to take care of the ever increasing load. How this load had increased in four years can be shown that in June 1950 the maximum demand was 160 K.V.A. with consumption being 52,350 kwh. In June 1954 consumption had risen to 63,820 kwh with the maximum demand jumping from 268 KVA in January 1954. The light and power contract expired this year and efforts will be made to secure electrical energy at a lower price which if successful will be passed on to the consumer. In addition negotiations have been opened with the Calgary Power Co. with a view to purchasing the West end lines. When these negotiations are completed, the ratepayers will be asked to vote and approve a money bylaw for this purpose. This deal stated Mr. Tiberg should definitely not be regarded as an expenditure that will be charged against the mill rate but rather as an investment as the revenue derived from the system will more than pay off the yearly debentures due. In the current year he said we hope to continue the renovation of our light and power system. It has been suggested that present street lighting on the main street be replaced with fixtures similar to the mercury vapor light installed on the town hall corner demonstration purposes. At this time Mr. Tiberg requested comments from the meeting as to their advisability of replacing the present street lights which cost approximately \$135.00 each and would necessitate three to a block. After some discussion on the matter the ratepayers voiced their favor on the replacement.

During the general discussion that followed the reports council assured the ratepayers that requests for a sidewalk from the main street to the homes on the north side of the Crow's Nest River would be given attention this summer and that a continuation of the sidewalk from Thornorton corner west past the new Federal building would also be considered.

To conclude the meeting Mayor Gray addressed the meeting in regard to the new arena that is being proposed for the town. In his remarks Mayor Gray pointed out that the present arena was a disgrace to the town and that since the town was in a healthy financial position and debt free ratepayers should put the welfare of the children before money. He stated that the town proposed to borrow \$100,000.00 from the Government for the purpose of building a skating arena, a curling rink both of which would be serviced by an artificial ice plant. Plans for the rink have been provided by a Mr. Lewis of Calgary which showed that the ice surface itself would be 180 by 80 feet. The town have already made application for the loan which came under the Capital Expenditures act and could be paid off over a period of twenty years at a rate of 3 1/4% interest. Mr. Gray said that a money bylaw would soon be put before the people of Blairmore and he strongly urged that ratepayers support the rink movement. He also added that a public meeting would be held in the near future to present figures and show the ratepayers how little the arena would cost the town.

In support of Mayor Gray's address Mr. Jallep added that plans for the arena also indicated that the building could be converted into a much needed civic centre for the town. Mr. Tiberg also stated that the Community Sports Association were prepared to add materially to certain requirements on the interior of the building.

At the conclusion of the meeting the inspectors report showed that the town business was being conducted in a satisfactory manner.

## Council Meets In Blairmore

A special meeting of the Blairmore town council was held here Saturday morning to make arrangements for Mayor William "Bill" Gray and town solicitor S. O. Bannan to proceed to Edmonton to meet a number of government officials in regard to a number of projects the town of Blairmore are contemplating in the very near future.

Mayor Gray and Mr. Bannan will leave Tuesday morning and will remain in Edmonton until Thursday.

While there the question of annexing the West end of the town to Blairmore proper will be investigated and it will be requested that a hearing of Public Utilities commissioners be held in Blairmore soon as possible in order that persons from the West end objecting to the proposal have an opportunity of expressing their objections to the Board who will decide whether or not annexation will be made.

More information regarding the purchase of the power lines in West Blairmore owned by Calgary power will be sought by Mayor Gray and Mr. Bannan from government departments.

The matter of the \$100,000.00 loan the town has made application for from the government for the purpose of building and skating arena and curling arena will also be looked into since no word has been received by the town since the application has been made.

The matter of having the cribbing work and some dredging work completed on Lyons Creek and the Crow's Nest River in Blairmore will also be investigated by the two man delegation. The work was started last spring by the government and there is still a considerable amount of cribbing with Franks Slide rock to be done by the crews. It is felt by the town that if the river that has already been dredged and not finished rip rap, that the high-water in the spring will wash away all of the gravel banks that were piled up by the work crews during last summer and fall.

Definite information will also be sought by the delegation as to whether or not the road through the town of Blairmore being the number three highway will be hard surfaced this summer. The reason the town wish this knowledge is so that arrangements can be made to have the hard surfacing extended out from both edges of the road to the street curb on one side and to the boulevard on the other side to eliminate a dust problem and for better drainage purposes along the main street.

## A Country Editor Looks At The News

\* Canadiana: Now more records in this class are coming in; Mrs. A. Swanson of Winnipeg, claims she has made up lunches every school day for 35 years for her family of twelve children... hunting in the vicinity of Mohun Lake in B.C., Molly Lynch 13, of Duncan Bay Road of Campbell River, shot herself a buck; she was with her dad at the time... and exchange says, "It is so true that experience is our best teacher—the wise learn from experience of others; the foolish have to learn from their own."... And another has this in his editorial column, "Never tell an editor how to run a newspaper—let the poor boob find out for himself."... The Waterloo, Ont., Chronicle in 1954 completed 98 years of service to the people of Waterloo and County, but recently changed hands, going from three generations of the Bean family to J. Herb Smith, present editor... Misleading headline in the Portage La Prairie, Man., Leader: "Perry Butters Heads Playground Commission." Mrs. Cyril Peile of Springfield, Newfoundland shot and killed a 1,000-pound bull moose; first license and first rifle shot, so she could be excused for turning to hubby and saying, "Can't see anything difficult about hunting big game"...

Often hear jokes about walking home from a boat ride. Well, it happened. The Pembroke Alumet (Ont.) Island ferry didn't quite make it on its last trip of the season to Pembroke. The fast forming ice on the Ottawa river was just too much to break through. But the lone passenger, a woman simply climbed down a ladder and walked ashore to Pembroke. The ferry had to wait for a "thaw"... Imagine being out coyote hunting and finding a safe? That's what happened to Doug Eason of Fort Saskatchewan, Alberta, who found in a field one of the two safes stolen recently in Edmonton, nearby was an axe believed to have been used to smash the door open, with \$500 cash and cheques missing... Mrs. Margaret Wells marked her 100th birthday at Portage La Prairie, to which town she came in 1888, saying her longevity was due to "living plainly, not shirking work and staying at home while others run themselves ragged."

\* The Cranbrook (B.C.) Courier takes a personal business look at it: "How far may employers be able to go, who depend upon the public funds for their revenues, in keeping up with the race of labor forces for ever less hours of work and more pay, in competition with private and corporate enterprises whose financial arrangements are based upon an entirely different concept?"

"Guess what is the latest thing in men's pyjamas, exclaims The Bowmanville (Ont.) Statesman—and answers: "It's the ladies' and continues "According to a fashion designer he claims that 86 per cent of the pyjamas sold today are bought by women. It is to be hoped that some of the women who wear them, look better in them than they do in slacks."

\* Maple Creek, Sask., News: "With taxes what they are, one doesn't have to pass a Civil Service examination to work for the government."

\* Clinton (Ont.) News-Record: Of the CBC-TV programs we are enthusiastic. Of the programs of independent TV stations we would probably be just as enthusiastic. We are not so enthused about C.B.C.'s masterfully engineered monopoly of TV in Canada."

\* Kelowna (B.C.) Courier: The increasing popularity of good music has been one of the social phenomena of our times. A quarter of a century ago it was predicted that free music via radio would keep audiences out of the concert hall. The reverse has happened. More people heard and liked classical music than ever before.

\* Wolfville (N.S.) Acadian—"Prime Minister St. Laurent has told a labor delegation at Ottawa that increased old age pensions wouldn't mean more taxes. What he didn't tell them is that there would be a big reduction in the number of old age pensioners if workers were not turned adrift at 65 irrespective of their mental and physical condition."

\* Our nomination for editorial of the week from the Milestone (Sask.) Mail: "Now it came to pass on a day at noon that the writer was a guest of a certain fish man. And the lunch was enjoyed at a popular restaurant. And the waters were very efficient. And the food was good."

Now when the end of the meal was at hand, the waiter brought into the host the check. And the host examined it, frowned a bit, but made no comment.

But as we arose to depart I observed that he laid aside some coins under the edge of the plate. I know not what the denomination of the coins was, however, the waiter stood nearby, smiled happily, being interpreted, told that the tip was satisfactory. Now this parable entereth not into the merits or demerits of demerits of tipping. And as I meditated on the coins which turn into tips throughout our land I began to think of tips and tithes. For the proverbial tip should be at least one-tenth lest the waiter turn against you.

And as I continue to think on these things it came unto me that few people who go to church treat the God as well as they honor the waiter. For they give unto the waiter a tithe, but unto God they give whatsoever they think will set them by.

Verily doth man fear the water more than he feareth God? And doth he love God less than he loveth the water? Or doth the waiter do more for him than his God?

Truly a man and his money are past understanding."

SAM PAYNE "REGULAR" ON CBC DRAMA PRODUCTION

After four years as director and actor with the Canadian Repertory Theatre in Ottawa, Sam Payne returned to the west coast and is appearing regularly on such CBC drama presentations as the Vancouver Theatre and Marine Investigator.

Mr. Payne entered the drama field at the age of 15, beginning with competitions in B.C. festivals. He has taken part in numerous stage productions with Vancouver Little Theatre, Theatre Under the Stars and Avon Theatre. A season of study at the Royal Academy of Dramatic Art in England was followed by three years of professional work there, which included appearances with repertory companies, West End Shows on television and in films.

## Card of Thanks

I wish to express my sincere thanks to Doctors Liesemer and Aislio, also to the Matron, nurses and staff of the Crow's Nest Pass Municipal Hospital and to the many friends who visited me during my recent illness.

MAURICE W. COOKE.

## C.N.P. Chapter I.O.D.E. Elect Officers

The Crow's Nest Pass chapter of the I.O.D.E. held its annual meeting in the Anglican Hall in Blairmore recently when a new slate of officers for the coming year were appointed to office.

To head the ladies group are Regent — Mrs. Margaret Marcoll; first vice regent — Mrs. E. C. Costick; second vice regent — Mrs. Ruby Silmar; Secretary — Mrs. D. Burnett; Echoes secretary — Mrs. H. Tonge; Educational secretary Mrs. L. Stewart; standard Bearer Mrs. Vera Hansen; Emergency Fund Conveners Mrs. M. Patterson and Mrs. L. Stewart and Endowment Fund, Mrs. A. Brown.

A review of the Chapter's activities disclosed that the sum of \$326 had been collected for the blind and that 76 hand knitted articles and sewn articles such as sweaters baby sets, night gowns and pyjamas and other articles had been sent overseas and one layette and two other articles had been donated for home use.

It was also stated that twelve new chapters had been formed in Canada during the past year bringing the total membership up to 32,340 members.

## CBC NEIGHBORLY NEWS HAS WIDE APPEAL

Les Way, Neighborly News commentator at Vancouver since 1945 is heard every Wednesday at 5:00 o'clock with items of interest, gleaned from the B. C. weekly newspapers. The program originates from various points across Canada, with a different commentator in each region, and has much appeal for the listeners in the city as it has for those in the smaller centres.

Neighborly News celebrated its 15th anniversary on the air last month with a special half hour program which was heard coast to coast.

To aid disaster in any part of the world our Canadian Red Cross stockpiles emergency relief supplies in Switzerland, Australia, Turkey and France.

## IN THE NEWS

George Jenkins of Coleman attended the Fernie bonspiel recently.

Mr. W. Kosma of Coleman now employed at Waterton Park spent the past week-end at his home here. While in town he attended the Elks Banquet last Saturday night.

The Whist Drive held in the Anglican hall, Thursday evening, sponsored by the St. Alban's Ladies was well attended. Prizes were won by Ladies 1st Mrs. E. Drew of Blairmore, 2nd, Mrs. W. Purvis of Coleman. Gents 1st: Mrs. M. E. Cornett and 2nd the Reverend Dykes.

Mr. and Mrs. R. Green of Calgary were recent visitors at the home of Mr. and Mrs. F. Vincent of Coleman.

A rink comprising Joe Troitz, Randy Kullig, R. Ewing and J. Kubelick all of Coleman went to Cranbrook last week to attend a curling bonspiel.

Mrs. Elizabeth Richards of Coleman is visiting in Calgary the guest of her daughter and son-in-law Mr. and Mrs. H. Davies. While there she will attend the wedding of her grandson Richard Davies who will be married in Calgary in the near future.

Tino D'Andrea had this week discarded his crutches and is making favorable recovery from injuries suffered to his leg and ankle when he fell from a ladder while working in Bellevue some months ago.

Felix Hamilton of Coleman has accepted a position as night man at a Fernie Hotel this week. Mr. Hamilton will leave here at the end of the month to take over his new duties.

Jim Kerr and Jim Park of Coleman were Lethbridge bonspiel visitors during last week.

The ladies of the Royal Purple will hold a Tea and Pantry Sale in the Elks hall on Sat. Mar. 26th in Coleman.

Mr. and Mrs. J. Owen were Calgary visitors on Sunday and Monday.

Mr. and Mrs. T. M. Brown from Pincher Creek and Mr. and Mrs. J. B. Fischer from Fort Macleod district, visited Mr. and Mrs. J. Hanrahan Mr. and Mrs. C. Wesley and Mr. and Mrs. T. Holstead over the weekend.

Mr. and Mrs. C. Thompson from Fort Macleod visited Mr. and Mrs. J. Hanrahan over the weekend.

Mr. and Mrs. R. Christie of Ponoka visited friends in the Crows Nest Pass over the weekend. Mr. Christie was employed here for a number of years as a station agent.

Mrs. May Pilfold from Taber visited her sister and brother-in-law Mr. and Mrs. C. Coover over the weekend.

A campaign to raise sufficient funds to purchase new uniforms for the Coleman Grands Hockey team is now underway. As most fans know the present uniforms end equipment is in a deplorable shape. These conditions do not go toward giving Coleman a very good presentation to other towns, not only in appearance, but to the morale factor of the players. The financial factor of the club is such that they are unable to purchase the equipment required. So sport fans come on and help this worthy campaign by giving any amount that you may desire. All donations will be acknowledged. You may make your donation direct to Mr.

## Advertising...

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel — proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

ADVERTISE REGULARLY IN

## THE COLEMAN JOURNAL

Ray Spillers or deposit it in the container provided for same at the rink. As the saying goes, the workman can be only as good as

the tools he works with, give these boys the tools and they will play the game. Give them a decent chance.
